The LMU-China Academic Network (ChAN)  
is a university network between

LMU Munich and  
the Chinese University of Hong Kong,  
Fudan University,  
Nanjing University,  
Peking University,  
Renmin University,  
Shanghai Jiaotong University,  
Sun Yat-sen University,  
Tongji University,  
Tsinghua University, and  
Zhejiang University.

The LMU-ChAN Scientific Forum has been one of the most important and visible instruments of cooperation between LMU and members of the LMU-China Academic Network since 2015. While this year the event has to take place in a hybrid format, staying in touch has become even more important during the ongoing travel restrictions.

The topic of the Scientific Forum 2021 is “intelligence”.

### European Studies Summer School in Munich and Vienna

August 3 - 26, 2022  
'Identity Politics in Europe'

We are pleased to invite students to the Munich International Summer University (MISU). The European Studies Program is an academic service for all students and for students of LMU partner universities, which are part of the LMU - China Academic Network (LMU-ChAN). The European Studies Program takes place under the patronage of the Chair of Political Systems and European Integration at the LMU Munich and the Center for Applied Policy Research (CAP). For further information, please see the program website.
